Summary

I am responsible, initiative and hard-working person, looking for an opportunity to apply my skills in Front End Development. I am really inspired and motivated to build my career in this area. I have good knowledge in HTML, CSS, JavaScript. I am well familiar with Photoshop, Git, Gulp, Bootstrap, SASS. I enjoy seeing tangible results of my work and always do all my best to achieve the goal. I am a team player and could be a leader. Also I am friendly, energetic and adaptable.
